WE MAKE
every space feel like
HOME.

With our custom-designed Solutions, every room in your home has more organization, more access, and more room for joy.

Home should be a place of comfort.

At ShelfGenie, we believe comfort is much more than cozy chairs and down feather pillows. For us (and our clients), it's also being able to access everything in your home—quickly and simply. We know it's extremely frustrating when you can't find the baking soda—or worse, when you can see it but can't reach it. But that's where we come in.

We're here, for every space in the house.

Whether your kitchen is too cramped, your cabinets are too hard to reach, or your bathroom is too disorganized, we can help. With our custom-made Solutions, we can transform your frustrations with your cabinet, closet, pantry, and drawers into joy.

People are talking about ShelfGenie.

We love transforming our clients' homes—and their lives. But don't just take our word for it. We've been ranked #1 in our category by Entrepreneur Magazine's Franchise 500 List and were named the National Association of Professional Organizers Best Service Company & Company Associate Member of the Year. We've also been featured by HGTV, Fox & Friends, Woman's Day, USA Today, and more.

At ShelfGenie, we make your home feel even more welcoming with handcrafted Solutions for your kitchen, pantry, bathroom, and more.

Get more joy in three simple steps.

1 Meet your personal Designer.

First, we'll visit your home to learn more about you, what you like, and what you need to bring more joy and organization to your space.

2 Review your design plan.

We want to make sure you absolutely love what we have in store for you. That's why we'll give you an obligation-free, custom design plan during our visit.

3 Prepare for more space and more access.

Once you've approved the design, you can sit back, relax, and start dreaming about your new space. We'll take it from here.

Everything within reach.

We've been giving homeowners across the U.S. and Canada better access to their spaces for nearly 20 years. Making our clients' lives easier is important to us, and we're thrilled to bring more happiness into their homes along the way.
